Police and Media Relations: Trust Through Communication

Mike Brooks, CNN Law Enforcement Analyst

Retired Detective, Washington D.C. Metropolitan Police Department

Mr. Brooks served 26 years with the Washington D.C. Metropolitan Police Department, retiring in 1999 as a detective with the Intelligence Division. For the last six years of his service, he represented the department on the FBI's Joint Terrorism Task Force.

CIT (cash-in-transit) Major Crime Trends

D. Mark Lowers, President & CEO, Lowers & Associates

Mark Lowers, CFE, is President & CEO of Lowers & Associates, an international company specializing in risk management and risk mitigation. This session will provide detailed information on trends involving armored cars robberies and ATM robberies throughout the globe and will walk participants through the 2009 USA Robbery Report.

Armored Car Robbery Prevention/Investigation

John Toneatto, VP Security, Loomis Armored

For the last 38 years he has worked at Loomis Armored where he has held various positions in both Operations and Risk Management. He is currently the VP of Security and provides support and direction regarding CIT losses, investigations, physical security, and policies & procedures. John's presentation will give insight into the history of the armored car industry, security procedures and robbery prevention measures as well as best practices for law enforcement to respond to and investigate armored car robberies.

Eyewitness Identification

Dr. Edie Greene, Professor of Psychology at the University of Colorado-Colorado Springs

Edie Greene is Professor of Psychology at the University of Colorado. Professor Greene teaches a survey course and an advanced undergraduate seminar in psychology and law, as well as a graduate proseminar in psychology and law. This interactive symposium will focus on investigative procedures that can, according to scientific research, lead to more accurate identifications, withstand scrutiny at trial, and strengthen cases against perpetrators.
